

LGBTQ Spirituality Group:

Integrating Sexual Orientation and Christian Spirituality

Have you found yourself asking the following questions:

Can I be LGBTQ and a Christian?

Will others accept the real me?

Do I always have to censor myself/hold back?

Can I find a faith community that supports me?

If you have asked these questions (or others!), come join us and experience support on your spiritual journey! **Whether you are LGBTQ or questioning, this confidential group is open to all desiring to understand their faith and sexual identity.** We will use Teresa Pasquale's book "Sacred Wounds: A Path to Healing from Spiritual Trauma" as a general guide for our discussions.

Pre-registration required for this 6-week group.
